

# ATTRACTION ACRYLIC NAIL LIQUID

You need an acrylic monomer you can count on. One with exceptional adhesion, that won't yellow or breakdown, and if it isn't too much to ask - easy to use. Attraction Nail Liquid is it.

The tri-monomer composite technology literally draws the powder to the brush, for quicker, easier pick-up.

- Create natural-looking, Draws the powder to the brush,
- It's lower in odour.
- Non-yellowing formula, Never crystallizes, Evaporates slowly,
- Does not contain MMA.
