

NSI ROYAL PRECISION #8 KOLINSKY BRUSH

Returns to a perfect point
with firm resistance

Vented cap offers protection
during storage and travel
while allowing air circulation

- Ergonomically designed for perfect balance and comfort
- Nail techs can use the brush with or without the cap on the end; depending on the desired comfort level
- Vented cap offers protection for the brush during storage and travel while allowing air circulation
- Because the brush always returns to a perfect point and has a firm resistance, it is great for detail work and perfecting the smile line
- The brush allows for precise product control and placement with excellent memory and snap
- #8 round brush with a slightly crimped ferrule made from pure kolinsky sable hair
